HESS SELECT WINES

Hess Select wines are sourced from grower families throughout California who share the guiding principle that our founder, Donald Hess, instilled in our family business: "nurture the land and return what you take." We strive to make the very best wines that elevate the everyday and honor our family legacy.

HESS SELECT PINOT NOIR

Rugged, often wild, with never-ending complexity, California offers some of the most diverse and premiere growing sites in the world The Hess winemaking team looks to our dedicated and long-standing grower partners for quality fruit that express the unique terroir and idyllic growing conditions for each Hess Select varietal.

TASTE WITH THE WINEMAKER

Inviting aromas of bright raspberry and red cherry open beautifully, giving way to enticing hints of spice. This Hess Select Pinot Noir seamlessly unfolds into a luscious, silky palate brimming with vibrant ripe red fruit, carrying through to a beautifully smooth and polished finish.

2024 VINTAGE

The 2024 growing season was exceptional for winemaking, with early season rainfall providing optimal soil conditions and promoting even bud break. As winter precipitation tapered off in March, ideal spring drying conditions followed, setting the stage for a remarkable growing season. A heatwave over Labor Day accelerated ripening, condensing the harvest period and resulting in a harvest that wrapped up two to three weeks earlier than the previous year. The 2024 wines are bold and aromatic, with a remarkable structure and deep, intense color, showcasing the full potential of this outstanding vintage.
