

THE HESS COLLECTION

MOUNT VEEDER / NAPA VALLEY

2021 | ALLOMI NAPA VALLEY, CABERNET SAUVIGNON

THE HESS COLLECTION WINES FROM NAPA VALLEY

Though just 30 miles long and a few miles wide, Napa Valley is home to diverse microclimates and soils uniquely suited to wine grape growing. It is considered one of the premier wine regions in the world. The Hess Collection wines are family owned, sustainably farmed and dedicated to reflecting a true sense of place. Our wines are recognizable for their elegant, rich and complex flavors and a tradition of excellence.

NAPA VALLEY ALLOMI CABERNET SAUVIGNON

A pioneer by nature, Donald Hess was determined to defy convention and pursue winemaking in the far reaches of the Napa Valley. In 1995, he sought out the Allomi Vineyard with a vision to uncover its potential. Once a dormant beauty, the Allomi Vineyard now gives life to luxury Napa Valley wines. Our estate vineyard is located in the gently rolling hills of northeastern Napa Valley. The 210-acre vineyard is focused into 35 unique growing blocks with six different Cabernet Sauvignon clones that add diversity of flavors and complexity to this wine.

TASTE WITH THE WINEMAKER

“The combination of steady heat and well-drained clay loam soils in our Allomi Vineyard allows fruit to ripen evenly, gaining welcomed complexity and layers of flavor. The Allomi Vineyard consistently delivers fruit of the highest quality, and this vintage was no different. On the nose, our Allomi Cabernet offers enticing aromas of currant, blackberry and elegant expressions of vanilla. These aromas are complemented by layered flavors of juicy balanced fruit, most notably black and red cherry and raspberry. Plush, well-integrated tannins provide a round, delicious mouthfeel, and lead to elements of cocoa powder supported by a subtle oak spice, adding to the personality of the wine and reminding us why this is one of our most popular Napa offerings.”

– Dave Guffy, Director of Winemaking

VINTAGE NOTES

Vintage 2021 delivered superb results. Spring was marked by occasional rains, which brought welcome soil saturation, and cooler temperatures, allowing fruit to mature at a steady pace. Summer helped the grapevines ripen completely and conditions continued to be almost ideal throughout August and September. The warm days and cool nights of the Fall season allowed gradual sugar accumulation and longer hang times, promising fruit of the highest quality with structural beauty. With a slightly later harvest and a smaller crop yield, fruit was picked at its peak, for a small yet mighty vintage promising exceptional flavor in bottle.
