LION TAMER WHITE BLEND
NAPA VALLEY

BORN BOLD IN NAPA VALLEY

Lion Tamer is the power of the Napa Valley harnessed. Our vineyards reflect our founder's vision of winemaking and grape-growing in harmony to reveal the best expressions of valley fruit. The unique attributes of the rugged vineyards planted in sparse soils reveal distinctive personality. The Lion Tamer White Blend highlights the unique varieites we grow in our vineyards.

FROM THE CELLAR

"This winery-only blend is a beautiful combination of Albariño, Sauvignon Blanc and Pinot Grigio. Lively aromas of pear, cantalope and lemon curd entice each sip from the glass. On the palate, The Lion Tamer White Blend has an opulent viscosity filled with refreshing notes of Meyer lemon, Asian pear and a hint of lemon verbena which finishes with a pleasing mouth-watering acidity."

– Stephanie Pope, Winemaker

TECHNOLOGY AND WINEMAKING

Our Lions Head Cellar houses some of the most progressive winemaking technology allowing our winemakers to craft wines of exceptional quality that showcase the distinctive lands they come from. The winemakers leverage tools like our optical sorter, which ensures only the highest quality berries are delivered to the fermentation tanks; and cutting-edge tanks, which facilitate 24/7 monitoring of pumpovers and micro-adjustments to be made throughout the winemaking process.

RESILIENCE IN THE VINEYARD

Vintage 2023 is characterized as one of the longest growing seasons in a decade. The mild weather lead to above-average crop yields. With all of the heavy winter rains the reservoirs were full for ideal conditions and saturated soil. The winter rains gave the vines much needed hydration as they woke up from their dormant winter, and because of the cooler vintage this will be bright and clean.
