SUSTAINABLY PRODUCED

HESS SELECT WINES

Hess Select wines are sourced from grower families throughout California who share the guiding principle that our founder, Donald Hess, instilled in our family business: “nurture the land and return what you take.” We strive to make the very best wines that elevate the everyday and honor our family legacy.

TASTE WITH THE WINEMAKER

Our Hess Select Cabernet Sauvignon truly finds itself at home on any occasion. Inviting aromas of vanilla and warm baking spices lead into rich notes of blackberry and black cherry, with a hint of cassis. Subtle notes of toasty oak add depth and nuance, leading into a concentrated, beautifully structured palate. Plush and full-bodied, the 2023 vintage reveals finely textured tannins and a seamless balance, culminating in a long, graceful finish with round, supple tannins and lingering dark fruit character.

2023 VINTAGE

Vintage 2023 is characterized as one of the longest growing seasons in a decade. Mild weather led to above-average crop yields, while heavy winter rains filled reservoirs, creating ideal conditions and well-saturated soils. These rains provided much-needed hydration as the vines emerged from winter dormancy. As a result of the cooler growing season, the wine shows bright, fresh character.

APPELLATION: California

AGING: 18 months in 27% new oak; mix of American and French

ALCOHOL : 13.5%
